The story so far

One of the largest regeneration projects in the country, voted one of The Sunday Times 'Best Places to Live 2025', Wembley Park is a vibrant and dynamic development from Quintain.

The delivery of Wembley Park's masterplan is well underway with over 5,000 homes constructed and another 3,500 consented.

Wembley Park will be home to the largest single site of Build to Rent in the UK.

For over 20 years Stace has provided Project Management, Cost Management, Contract Administration and Health & Safety Advisory services in the delivery of over 4.5 million sq ft of space throughout the 85 acre site.

"We draw great comfort working with Stace, knowing that we have such talented and dedicated professionals supporting us."

Matt Voyce, Quintain Executive Director - Construction

Wembley Park in numbers

Since 2003, Stace has delivered professional services on behalf of Quintain, for the Wembley Park regeneration. The transformation is well underway, with over 50% of the buildings now complete.

Our involvement in numbers:

20+ years

of delivery with Quintain

£1bn+

of construction

4.5m+ ft²

delivered or under construction

7

acres public park

4,500+

new homes

Award winning

Cllr Muhammed Butt, Brent Council Leader of the Council In partnership with Quintain, Stace has delivered or has underway:

+450k

+400k ft² leisure

361 hotel keys

150+
trees planted

Placemaking

Stace was first approached by Quintain in 2002, with a proposal to refurbish and reorientate the Grade II listed Wembley Arena. This was only the first step in what would become a long standing relationship between Stace and Quintain.

An exciting new community within 20 minutes of King's Cross, Wembley Park is now a celebrated leisure destination, attracting over 20 million visitors per year.

For over 20 years, Stace has successfully supported the delivery of numerous projects including the London Designer Outlet, 4* Hilton Hotel, BoxPark, 7 acre park, two energy centres, first centralised waste management system in the UK, and a new park.

Stace continues to support Quintain in finding new ways to improve the community and lifestyle they are building. With more areas still to develop we are committed to working with our client, the designers, and the contractors towards improving the life and leisure of the visitors and residents of Wembley Park.

2006

The Wembley Arena

At the end of 2024, in partnership with Quintain, Stace delivered:

4,539

homes

2,652

BTR units

895

affordable units

660 student accommodation

Homemaking

With a vibrant leisure and tourism destination now created, Quintain has established a lifestyle management company Quintain Living, for its residential offering.

To date, Stace has delivered with Quintain over 4,500 new homes for the residents of Wembley Park, along with the placemaking and public realm to make it The Sunday Times Best Places to Live 2025.'

Public facilities are also provided, including a new nursery, a GP practice, public parks, lots of shops and public meeting places, making it a great place to live, as well as being on the doorstep to the famous Wembley Stadium and Wembley Arena.

Wembley Park is now the largest single-site Build To Rent (BTR) development in the UK.
